

Final Vision

In five years, we will have developed, delivered, and be known for...

- A culture of academic excellence, opportunities and success for all as a result of setting academic and post-secondary career goals.
- Student, parent, and community ownership, engagement, and accountability for learning.
- Zest, pride, passion and satisfaction in all that we do.

Final Priorities & Goals

1) Use cutting-edge "Best Practice" research-based materials and technology to improve teaching and maximize learning.

Goal #1: Fully utilize available data to drive all decision-making processes and re-evaluate progress based on current data.

2) Financial responsibility that is aligned with our priorities.

Goal #2: Think creatively to achieve the successes we need in a fiscally responsible, focused way.

3) Support the well-rounded student by offering a variety of extra-curricular, co-curricular and unique educational opportunities.

Goal #3: Maintain available opportunities and increase offerings through different methods.
