Community Participation Needed

In an effort to increase collaboration between Charlotte High School and the community, we are working on developing a Community School Improvement Team, or CSIT. We currently have a Student School Improvement Team (SSIT), a Parent School Improvement Team (PSIT) and a teacher leadership team at the high school, and we need the community's voice to help ensure that we are meeting the needs of all of our stakeholders. The next Community School Improvement Team meeting will be next Thursday, 2/19/15 (we always meet on the third Thursday of the month) from 5:30-7:00 in the high school main office. We will be discussing CHS's student achievement data and changes we are looking to make for next year, as well as issues and concerns brought forth by the community. After all, a high school is only as strong as the community that supports it, and a community is only as strong as the schools that educate its kids. Any member of the community is welcome and encouraged to attend. If you have any questions, or want more information, please call Charlotte High School principal Bill Barnes at 517-541-5601 or email him at barnesw@charlottenet.org. Thank you; we hope to see you there. Go Orioles! Oriole Pride!
