Charlotte Public Schools Food Service Department Welcomes Rosalie Keep

Charlotte Public Schools would like to welcome Rosalie as a member of the Food Service Department at Charlotte High School. Rosalie resides in Charlotte with her daughter, Julie, and her family. She has worked as a supervisor at a residential group home and at Michaels Arts & Crafts before joining the Charlotte Public Schools team. Rosalie has been the perfect fit working in the Food Service Department while serving students their lunch. In her spare time she loves to spend time with her two children, 13 grandchildren and five great grandchildren. Thank you Rosalie, we could not do it without you! We are all excited to have Rosalie officially join our team after working as a substitute in the department. Go Orioles!
