### **LENDING LIBRARY FINDS HOME AT WASHINGTON ELEMENTARY**

Charlotte Public Schools' Washington Elementary is proud to share our new Lending Library! Established to ease and increase the access families have to great reading material, the Lending Library is now accessible outside the main office doors of the school. The Washington Elementary family gathered a wide variety of books to meet the interests of all young readers, which were shelved by our helpful Student Council. Students can visit the Lending Library anytime to borrow books to read at home, and then select new books with each return. Happy reading, Washington Elementary!
