Charlotte Upper Elementary Introduces Student Council

This year at Charlotte Upper Elementary we have had a wonderful start to the school year. When walking around the hallways, visitors can witness tremendous Oriole Pride throughout the building. Students are focusing on showing how to be Respectful, Responsible, and Safe in their everyday experiences. During the month of September, our focus was on demonstrating positive behaviors and having each student determine what type of legacy they would like to establish during their time at the CUE.

One of the ways students can establish their legacy is by participating in our first student council led by Mrs. Weissenborn and Mrs. Hoyt. During the second week of school, students turned in their applications to participate in student council, that included an essay explaining why they would be a good leader and ideas they had for making the Upper Elementary an excellent place to go to school. Over 100 students turned in applications and from those applications twelve students from each grade level were selected to read their essays to their grade level peers. Each of the twelve students stood proudly in front of their grade level peers and read their essays, presenting why they would be fantastic leaders and did a wonderful job. At the end of the day, each grade level voted for six grade level representatives who would lead them throughout the year.

The first task of the student council was to represent the Upper Elementary at the homecoming parade. All eighteen students joined together with the Transportation Department to decorate a bus and walk the parade route. This was the first of many responsibilities the student council will have. The Upper Elementary is looking forward to the work the student council will be doing this month with Fuel Up To Play 60 and kicking off healthy living and eating.
