Charlotte Upper Elementary Ninja Warrior

At Charlotte Upper Elementary, we believe in having high expectations for our students academically and socially. Our goal is to help our children understand the reasons behind different expectations, rules, and why they must be enforced in order to provide all of our children the opportunity to learn and recognize their role in creating an environment that is conducive to learning. In order to do this the Upper Elementary has implemented the Positive Behavior Intervention System (PBIS). With the positive behavior system, we can visually remind

our children to make positive choices throughout the day.

Each month we set a positive behavior goal for the students to strive to meet. So far this school year, the students have exceeded their monthly goal and have had an opportunity for a celebration that ties to the month's theme. During the month of October, the CUE was focusing on living a healthy lifestyle and kicking off our partnership with Fuel Up To Play 60. For the celebration, our PBIS coach, Julie Davis, with the assistance of many fantastic parent volunteers and police Chief Lisa Sherman from the Charlotte Police Department, set up and encouraged every student through an obstacle course around the entire playground. Each student had the opportunity to run the course showing off their Ninja warrior skills.

The course included the rock wall, many segments of monkey bars, slides, and challenges that tested student balance. The students did an amazing job pushing their limits and persevering even when their arms were exhausted or they were faced with a challenging obstacle. All of the teachers, parents and students were very proud of the effort demonstrated. Go Orioles! Oriole Pride!
