CHARLOTTE HIGH SCHOOL RAISING AWARENESS AND MAKING A DIFFERENCE

During the week of December 7th, Charlotte High School FFA and Interact clubs are teaming up to help support our local food banks. Students will have an opportunity during the week to bring in non-perishable food items to a teacher's room of their choice. The teacher that has the least amount of food at the end of the week will be kissing a pig between the girls and boys varsity games on December 11th. The community gets a chance to help out as well when they attend the home basketball game on Friday, December 11th. The community is asked to bring in non-perishable food items and vote for either the girls' varsity or boys' varsity basketball teams. The team with least amount of food will have their team captains kiss a pig between varsity games at approximately 7:30 pm. The games begin with the JV girls' team at 4:00 pm, the Varsity girls' team at 6:00 pm, and the Varsity boys' team at 7:30 pm. This is a fun activity to raise awareness for a real issue facing many of our local families. Come out to support our basketball teams and our community and GO ORIOLES!
