CHARLOTTE MIDDLE SCHOOL WELCOMES MS. CAPPOZZO

Charlotte Public Schools would like to officially welcome Carolyn Cappozzo as a member of the Charlotte Middle School staff. Ms. Cappozzo is stepping in as our 7th and 8th grade ASD teacher. She will be meeting the needs of our students with Autism. Her educational path started in Milford, Michigan where in high school she participated in their LINKS program. As a high honor student at Central Michigan

University she became certified in Health Education, Cognitive Impairments, and plans to begin her ASD certification in the near future. Ms. Cappozzo benefits greatly from growing up with a brother, Michael, who is on the autism spectrum. She looks forward to using these experiences along with her learning from student teaching to meet the needs of our students with ASD here in Charlotte. Ms. Cappozzo says, "I am really excited to be welcomed here and am thrilled for this new adventure. I look forward to getting to know

the students and community of Charlotte.” We look forward to this journey with Ms. Cappozzo and are very happy to welcome her in as an Oriole. Go Orioles! Oriole Pride!
