CHARLOTTE UPPER ELEMENTARY CELEBRATES EACH OTHER

On Wednesday, November 23, Charlotte Upper Elementary proved that we are truly surrounded by good and that the negative messages around us can often be overcome by making the decision to focus on that good. Over 18,000 sticky notes were put on lockers, walls, doors, and people throughout the building with positive and uplifting messages. This was the third year that the CUE has hosted Positive Post It day. This year was a highlight as our students' and staffs' positive attitudes were covered by local news channel WILX10.
