CHARLOTTE HIGH SCHOOL WELCOMES LISA ANDERSON

Charlotte High School is proud to introduce Lisa Anderson as a new math teacher. She teaches primarily pre-calculus and algebra 2, and she has an MA in secondary education from the University of Michigan and a BA in civil engineering from Columbia University. She worked in the engineering field prior to joining the team at CHS, and she credits that experience with helping her to see how the math she teaches is applied in the real world. This allows her to make the math more applicable to her students. So far, Lisa has really enjoyed collaborating with her colleagues in the math department and getting to know the kids in her classes, and she has been a great addition to the Oriole team! Welcome Ms. Anderson!
