Bringing Families Together at Washington Elementary

Charlotte Public Schools' Washington Elementary is celebrating March is Reading Month with many special events. This past week, students came in before school to enjoy "Muffins with Mom" during which kids and moms shared treats and books. Nearly 160 moms and students joined us to celebrate and share wonderful stories! The week prior to this event, a similar number of fathers and students joined us to read during "Donuts with Dad". Washington Elementary is greatly looking forward to the next event, "Granola with Grandparents". Thank you to all of our families for making these events extra special for our students! #OriolePride
