CHARLOTTE UPPER ELEMENTARY STUDENTS SHOW ORIOLE PRIDE

Charlotte Public Schools' Upper Elementary School is excited to announce another successful year of Sparrow's Mileage Club Program. Charlotte Upper Elementary was one of 106 area schools to participate in this year's program. This year, 359 of our students participated and completed 2,525 miles over a 7 week period. The students were able to walk or run at their recesses 2 to 3 times a week, which they would earn toe tokens for every five miles they completed and a water bottle if they reached twenty miles. The top student, Koda Brandt a 6th grader, completed over 80 miles. Mrs. Hoyt's 4th grade

class was the top class overall and earned a pizza party. There was also a family night with music, which families were encouraged to participate by walking or running at the high school track with their students. This is the second year of running the program at Charlotte Upper Elementary, which has been very successful and fun for everyone.
