### **CHS PREPARE FOR MILITARY SERVICE**

Recruiters from the United States Armed Forces came to Charlotte High School on Thursday, September 14, for senior project day. Sergeants Dornan and Sharp from the United States Army and Petty Officer Wong from the United States Navy spoke with CHS seniors who are interested in joining a branch of the military. The main topics of the day were opportunities that the military affords students, preparation and practicing for the Armed Services Vocational Aptitude Battery (ASVAB) test. All of the students were able to take a pre-test to determine their strengths and weaknesses so that they can continue focused study for the ASVAB and/or PiCAT test that will be given in December. We are proud of our Orioles who will defend our freedom in the future. Go Orioles! Oriole Pride!
