## **BOUCHER TAKES SUCCESS TO NEXT LEVEL**

Charlotte Public Schools Project Success is excited to welcome Mr. Nick Boucher as the lead teacher of the program. Mr. Boucher was a science teacher in Lakewood Public Schools prior to this role, and he brings with him a great deal of leadership and classroom experience. He graduated from Cleveland State University with a bachelor's degree in biology, with associate's degrees in anthropology and education in 2002. He also earned a master's degree in education leadership from Grand Valley State University in 2008. Mr. Boucher hit the ground running, working with his team of teachers to develop the curriculum and structure for this brand new, innovative, competency and project based intervention program. Please help us in welcoming Mr. Boucher to the new CPS Project Success Program as he leads students down their individual path of personal success!
