CPS WELCOMES MR. ELKINS

Charlotte Public Schools would like to welcome Matt Elkins to the CPS Technology Department. Matt will be working with students and staff at Charlotte Upper Elementary and Charlotte Middle School supporting their technology needs. Matt joins us after working for Staples for 13 years in customer service and computer repair. When not at work Matt enjoys spending time with his wife Deb, a 6th-grade teacher at the CUE, as well as playing games with family and friends. Welcome Matt!
