POSITIVE POST IT DAY AT CHARLOTTE UPPER ELEMENTARY

November 16 was the fourth annual Positive Post It Day at Charlotte Upper Elementary. The day is hosted annually by the school's KC (Kindness and Compassion) Club and is meant to highlight the positivity that exists every day in the world. This year we got our event started early with an assembly on November 15. Then on November 16, the halls of Charlotte Upper Elementary were covered with well over 1,000 post it notes all with positive messages.

We know that one positive day is not enough though. Positive Post It Day is a springboard to support and encourage our students to find the bright side of life in every situation and with every person. It is a proud tradition we have formed at our school, and one that we expect to continue and grow over the coming years. Take time today to make someone else's day shine a bit brighter.
