The lunch and breakfast program at Charlotte Public Schools provides a wide variety of nutritious food to our students daily to promote good health and education. The United States Department of Agriculture (USDA) regulates the National School Breakfast and Lunch Programs. Schools must follow the meal patterns and portion sizes developed by the USDA.

We run a computerized debit system that will deduct a lunch or breakfast from your family food service account. The account includes all family members and will deduct each student purchases from your family account.

Your child will receive a personal identification number (PIN) when they arrive at the Upper Elementary level and will remain the same throughout their school years.

Payments can be made through the food line, mailed to our office, or an electronic fund deposit at our CPS web page. Please contact Michelle Sine at 541-5100 or Denise Kendra at 541-5142, if you are interested in EFUNDS.
