

OVERDUE ACCOUNTS

When a student does not have money in their family account, we will allow students to charge meals for three (3) days. We will remind students they owe money and we will try to contact a parent by phone or mail. If not repaid, students will be offered a peanut butter and jelly sandwich and milk for lunch. No purchases will be allowed if payment is not received within a week of notification. When money is paid, the stop will be removed from your account and purchase will be accepted.
